

My Baptism Basket

My dearest daughter, today is your day.
I want it to be special in every way.
So I have arranged this basket for you
To help you prepare and keep memories too.
Use the soap and sponge to wash with care
And use the white ribbon to tie back your hair.
When you leave the waters clean and wet
This beautiful, white towel you will get.
It will warm and dry you and help you remember
That repentance will wash you just like the water.
Pearls await to be placed on your head
Where hands will be laid and a special prayer said.
A prayer that will give you a gift like no other
And this clear, white box can help you remember
The wonderful comfort and help that is given
From the Holy Ghost when we choose to listen.
A box and frame I give to you
Fill them with pictures and treasures true.
Use the mirror to reflect who you are
Remember your heritage and you will go far.
The heart is a symbol to wear and to keep
Sharing who loves you and helping you sleep.
My precious Cidnie, I'm so proud of you
For choosing the right and just being you!
